

Our Earth

Extracting from our Earth
Extracting from our Earth
Taking Gas
Grabbing Gold
Snatching every bit of Crude
We'll get it All
Sometime Soon
All the Wealth Inside
Our Earth
Will be in Our Hands
Or in Our Fires
Then I Wonder?
What Shall We Do?
Our Earth is Empty
It's Larder Bare
It's Womb Can
Give No More
I guess We'll Sit
On a Desolate Cliff
Or On a Barren Ocean Shore.
